“ Andy was my brother-n-law. I often reminded him that I was his “favorite sister-n-law”! In return, he would remind me that was no big deal as I was his only sister-n-law! His sense of humor and wit was one of my favorite memories of him. He shared his knowledge and skills of gardening with me and have such fond memories of the orchids in the greenhouse and the vineyard.

“ Andy and I were placed next to each other in organic chemistry at UNL in our junior year. Our friendship continued and we decided to share an apartment and then a house at UNMC until he got married. I was a groomsman at his wedding and still have the red velvet bow tie that Sheryl made for us for the wedding. I have been in South Asia since finishing my residency and have hardly seen the dear friend since med school. I wonder if he ever got his vineyard established and winery. You are missed, Andy.

“ I will always remember Andy's matter of fact approach to things and his excellent sense of humor. He never seemed to let too much bother him, which is probably a pretty good approach to life. I will miss him.
