“ She also had 2 Step children, 2 grandsons, 3 granddaughters, 3 great grandsons and 2 great granddaughters and another great grandchild on the way. They should've been mentioned as well. She was a great lady and we will all miss her very much! I will always hear her voice when I try to wear my hat at Christmas dinner. :-)

“ Dorothy was the Payroll Service Records Supervisor when I was promoted to the Payroll Allotments Supervisor position at Northwestern Bell. She was always great to work with; willing to help a new supervisor learn the ropes; I learned a lot from her.

Dorothy was instrumental in keeping current and former Telephone Company Finance people connected by organizing a Luncheon which is still being held each October. She'll be missed when we get together later this year!

“ Dorothy was quite the role model for many of us women back in the 70's at NWB. Her smile, laugh, encouragements will not be forgotten. I love this picture of her and can almost hear her getting ready to laugh. Condolences to the family.
