“ *Dear Gary and Family ;
So many memories, from the first time I met you at the Auto Parts Store in the late 70s to my latest visits at the Body Shop talking everything Galaxie. You always brought me smiles, great stories and your dreams of putting your favorite cars together. Wishing the family calm and peace while working through your loss.

“ Gary was such an amazing person. From my 1st shift at Rudy's, 2 years this January- Gary always brought his Keno tickets to start his day before the 1st game. He had a system and he played it well. Over the past 2 years, I have witnessed how helpful he was to many people, whether it was keno tips, car repairs or a listening ear and heart. I looked forward to my morning shifts and visits. He helped me with my Suburban repairs, I knew I was never had to worry. He would always explain things to me and this last time we had a plan for the list of things that I was needing to do. If he couldn't do something, he knew who to contact that would take great care. He saw me at my happiest moments and heartbreak, he was a very loving person, how he spoke of his family and friends- it's been an honor to call him my friend. When I received the news- I literally just had tears running down my face saying no, no, not Gary. It is with a heavy heart to send wishes and prayers. Rest in peace, watching over us above and let the numbers roll in!!! Thank you Gary for being my friend and to his family for sharing him with so many people.
