“ Had the pleasure of working with Lenny at Union Pacific Railroad . I found Lenny to be a passionate and caring person. Lenny traveled extensively, and i always enjoyed his recollections of things he encountered. Most of all, Lenny had a great sense of humor, coupled with his boistrous laugh. I'll miss Lenny. Rest In Peace!

I was Lenny's little girl growing up. We had some great times! I will never ever forget his love for history. On our family vacations he would stop at every historical marker to read about it. Finally, Bryan and I stopped reading them and just said we did. He outsmarted is by then quizzing is before we would get going again!! Needless to say, we hit all the museums. He did love to travel and met new people. He was very passionate about his work, his family, hit religon, his politics, his playtime and his beautiful home we built. Besides being an Engineer he was a dancer and a bee farmer (for a time). Even after our families separated he still treated me like his little girl and never misses a Holiday or a Birthday. I will miss you, Lenny. I was blessed to know you.
