“ *Randy took me on my first deer hunt...as well as many to follow. I spent countless hours in his basement enjoying cocktails and his laugh as we processed deer for people. Always did things the right way, not the fast way. I feel blessed to have known him, one of the best men I've ever enjoyed the company of.*

Randy and I shared a great love for hound hunting back in the day. So many memories with him chasing down our hounds together and enjoying every minute of it! Randy loved his dogs and had some great ones! I will always cherish those times and most of all the friendship we have. Rest in peace 🙏 big guy and give Bubba a great big hug for me..
