“ Mike was so much fun to work with! He was an avid member of our WoodmenLife BT book club. I think he loved reading more than anyone I have ever known. He always read about 5 books by the time we read our latest book club selection! There were many times some of us just needed two more weeks to finish the latest one. Mike never got aggravated or impatient.. he just filled us in on all of the adventures he read about. Mike stayed in touch over these last two months during his illness and even selected our latest book "The Red Car" by Marcy Dermansky. He even planned to call in at our next meeting. We are all honored to read that book as a beautiful tribute to a dear sweet friend we lost far too soon. He may be gone but he will never be forgotten.
